FOURTEENTH YEAR

CAMPBELL, SANTA CLARA CO., CAL., FRIDAY, APRIL 30, 1909

No. 42

Local Items of Interest

Happenings in and Around Campbell During the Past Week.

If you hear a noise like someone who wants to make some easy money, just send him around here. We'll accommodate him.

Now that everyone is thinking of the Men's Improvement Club, it would be a wise thing for the rest of the community to back them up and make it a success.

Mr. and Mrs. E. S. Woodard, of Wisconsin, are visiting Rev. Geo. E. Atkinson and family.

John Taylor and wife, of Sandwich, Ill. and Mrs. Deaton of San Jose, formerly of Sandwich, Ill. were guests at the home of Mr. and Mrs. A. W. Adams, Monday afternoon. Mr. and Mrs. Taylor are old friends of Mr. and Mrs. Adams, who have not seen them for over 20 years. The Taylors are on their way east from Long Beach where they have been spending the winter.

Los Gatos or bust.

Los Gatos and busted.

The prune crop is rather like it was last year.

The high school boys play the Mountain View team at Los Gatos to-morrow, for the championship of the Interurban Athletic League.

Mrs. Lopez with her baby, of Monterey, is visiting her parents, Mr. and Mrs. E. Janes.

Now lets get busy and DO some of the things we talked about at the Booster Banquet. Talk is cheap but action is valuable.

Mr. Lee Emerson Bassett of Stanford University, the great electionist, will reproduce the play, Julius Caesar, at the Campbell High School, Friday evening, May 7th, admission 25c. Everyone should endeavor to hear Mr. Bassett.

The local W. C. T. U. met at the home of Mrs. Joy Wednesday afternoon and enjoyed a very delightful business as well as social session. The local club will contribute a pennant to the W. C. T. U. float at Los Gatos to-morrow.

Mr. Whitman, one of our enterprising citizens, has laid a cement walk from his curb to his house. Let the good work go on. Every sidewalk laid is one more inducement to the prospective settler.

High School vs. Los Gatos

Knock out Gem City Boys in Game of Baseball.

Last Saturday our high school sphere handlers went up to Los Gatos to see if the boys of that place could play Ball. They could not. It was no use. They wanted to win alright but when you get a double jointed, cross-eyed fellow on a team, he knocks all the wind out of the whole bunch. Why, some of Los Gatos' playing was awful. A Los Gatos feller got up to bat and had his mouth open. One of Weeks' out-shoot-in-drop-spitball twirls found the cavity and the feller thought he'd knocked a home run. Another was out in right field and saw something coming that looked like a ball. He thought he'd catch it on the fly. He did. And it was a fly.

Well to make a short story shorter, we, (that is, our boys,) won to the tune of 12 to 5, and so are eligible to play Mountain View at Los Gatos, May Day, for the I. A. U. championship and also for a beautiful loving cup which Spaulding Bros. will give the winner. The boys expect their new suits in time for the game. They (the suits) are green and white. Oh! they are stunning (again the suits.)

Odd Fellows Hold Anniversary

Monday evening the local Odd Fellows' Lodge celebrated the 90th anniversary of the Order by giving an entertainment. A very interesting program consisting of musical numbers, recitations and speeches, was given and very much enjoyed by the guests, who crowded the hall to its capacity. After the entertainment refreshments of ice-cream and cake were served in the Banquet Room, and dancing was enjoyed until quite late.

A New Advertiser.

We wish to call your attention to the advertisement of the Thad. W. Hobson Company, Gentlemen's Furnishers, located in San Jose. These people are leaders in their business and have good clothes to sell. They don't charge you all kinds of prices either and they are very satisfactory to deal with. Go and see them when in San Jose.

Eat Prunes on Raisin Day.

Boys' Club Banquet

Closing of Fiscal Year Marked by A Jolly Dinner.

Tuesday evening the Boys' Club of Campbell held their last meeting of the year at the club rooms in the Methodist Church and enjoyed a sumptuous repast. The boys were out in full force and ready to eat as were their guests. Surely nothing that was within reach suffered on account of not being eaten, for although there was enough for twice as many ordinary people, still there was not much left when the parting time came.

Mr. Kellogg, who styles himself the boys' grandmother, acted as Toastmaster and called on several of the boys and their guests for toasts. The general sentiment for the next year was, that the Club could do much towards making themselves better in oratory. Mr. Kellogg told the boys he might not see them again as Conference came before the first meeting of the club, but if he was not there he hoped the boys would continue to keep up their work as they have in the past. In parting he gave as a toast "May your best work this year, be your worst next year."

Those present were: Rev. Geo. Atkinson, Prof. Smith, Prof. Snow, Messrs. Morell, Adams, Kellogg, Donald Marshman, Warren Macy, Lloyd Macy, Clifford Berry, Ted Melvin, George Beaver, Clinton Crow, Gilbert Newcomb, T. de Selle, Roy Volmann, Paul Clark, Rodney Thrower, Frank Stepka, Will Kellogg, Nick Dunphy, Arthur Seagren, Gus Lancaster, Maurice Weeks, Floyd Bohnett, F. Minor, Cecil Kennedy, Ed Genasci, Victor Gerow, George Jaderquist.

The club will resume its activities the first Tuesday evening of October.

Congregational Church, Sunday, May 2.

The theme for the morning service will be "The barrenness of High Aspirations." The C. E. meeting will be the Consecration meeting and the President, Miss Mildred Duncan will lead. On account of the Revival services in the M. E. Church no evening services for the next three weeks will be held in the Congregational Church.

Geo. Atkinson, Pastor.

PRESS LOCALS.

Columbia Healing Powder will cure any sore on man or beast. Your money back if it don't. Neff keeps it.

You must have the "Press" if you expect to get your town news.

The Columbia Gall Cure will heal any sore on your horse's neck or shoulders while working. Neff keeps it.

An Informal Reception

Dr. and Mrs. Atkinson describe their Work in Turkey.

On Friday evening in the pleasant parlors of the Congregational church the members of the Women's Missionary Society gave an informal reception to Dr. and Mrs. Atkinson of Harpoot, Turkey. A large map of Turkey was hung on the wall and Dr. Atkinson pointed out the location of the present disturbances and told something of the causes of the outbreak.

Prof. J. Fred Smith expressed the appreciation of the church for the company of the guests of the evening and of the work in which they are engaged in Turkey. He promised them increased interest and support in the future as a result of their visit in Campbell. Mrs. Nelson, president of the Missionary Society, spoke of our happiness in entertaining these friends and gave them a cordial welcome.

Dr. Atkinson, in reply, expressed his pleasure in becoming acquainted with his brother's people, but showed, in his brief remarks that his heart is in Turkey where his medical work is located and where he hopes soon to build his hospital. Mrs. Atkinson, who has won all hearts by her sweet womanliness, thanked the ladies for their hospitality and the pastor in his usual felicitous manner helped all to feel at home and in making the occasion one long to be remembered. It was a rare treat that Dr. Fuller for many years the president of the college in Ainlab could be present. From his intimate knowledge of conditions he emphasized the urgent necessity for missionary work, better education and more of the love of Christ in Turkey and he expressed regret that he was unable to help in the struggle toward righteousness.

Songs by Mrs. Merrill and Mr. Adams added much to the enjoyment of the evening and Mrs. Scheyler, by request, gave on the piano, Ryder's beautiful variations of the hymn, Nearer, My God, to Thee. The young ladies of the church served dainty refreshments.

Methodist Church, Sunday, May 2nd.

The Revival meetings at the Methodist Church led by Evangelist Billy Williams will have the following program.

Sunday May 2nd. 10 a. m. "The Revival. At the Sunday School hour "Habit." 7:30 p. m. "Breaking Hime Ties."

Monday evening, "Trimming Up." Tuesday afternoon after school, "The First Start." Tuesday evening "Conversion."

Wednesday evening "Our Attorney." Thursday evening "No Room for Jesus." Friday, Boys' and girls' meeting after school, "The Devil's Bouquet." Friday evening, "Sin Against the Holy Spirit."

Wedding Bells Ring

Merle Lloyd takes a Bride in the City of San Francisco.

On last Sunday afternoon in the parlors of the beautiful home of Mr. Chas. Rehn at 416 Capp Street San Francisco, Miss Freda Rehn and Merle LaClare Lloyd were united in marriage. The Rev. Wm. Rader, pastor of the Calvary Presb't. Church, performed the impressive ceremony.

Only the immediate families of the bride and groom were present.

In the evening a delicious banquet was served and a joyous social time was had. All too soon the evening was over and the happy couple, amid a shower of rose leaves, were whisked away in the waiting auto, to the homeward bound train to San Jose, where they will be at home to enjoy meeting their friends at 150 N. Priest Street.

J. H. Campbell has been under the weather for the past week and has had to take to his bed.

The Orchard City (Tune, Auld Lang Syan)

The Orchard City we stand by,
No other we decry:
That all her future may be bright
We sing a song to-night.

(Chorus)

Then here's to Campbell Town,
We drink to her renown;
That she may have a better day,
We sing and ever pray.

Good schools, good streets, good water
clear,

Good lights her homes to cheer:
Whatever makes a city right
We sing for that to-night.

(Chorus)

And here's a tear for those who sleep,
Who's love for her was deep;
And here's a hope the coming throng
May right her every wrong.

(Chorus)

Then pull my boys and pull with care,
With brawny muscles bare,
Do we but pull for her one way,
She can but win the day.

(Chorus)

Almond J. Farley.

J. H. Neff is agent for the Columbia Veterinary Remedies, keeping on hand a full stock of Remedies for all ailments of your horses.

NEWS OF WEEK FROM ALL THE COAST STATES

Occurrences Along the Pacific Slope Presented in Com- pendious Array.

Passing Events Among Your Neigh- bors Briefly Told in Short, Newsy Paragraphs.

Napa.—James Swen, 16 years of age, was sent to the Preston Reform School a few days ago by Judge Gesford for three and a half years. He had committed several thefts.

Vallejo.—It was reported at the meeting of the Board of Public Works last week that people were swimming in the city reservoir at Green Valley. It was decided to arrest all who are caught in the future and punish them to the full extent of the law.

Oakland.—Crazed with religious fervor absorbed at a meeting of the Holy Rollers, H. Watanabe, a Japanese, who has been fitting himself for the law course at the State University, was taken to the insanity ward of the Emergency Hospital a raving maniac. He has been working as a cook while studying.

Sacramento.—If Sacramento will provide a theater in which their attractions may be staged, the Shuberts will place Sacramento on their Pacific Coast circuit. This is the result of a conference held by Secretary A. L. Crane of the Chamber of Commerce with a representative of the Shuberts in San Francisco. A company has been formed to build the theater.

Fresno.—The California Farmers' Union was incorporated here last week. The directors are: A. Sorenson, Fresno; J. H. Dawson, Hanford; C. W. Updyke, Dinuba; Scott Manlove, Selma; J. M. Kneeland, Kingsburg. The membership roll of the union is now being rapidly increased, and branches are being organized in every portion of the San Joaquin valley.

Redding.—A Los Angeles syndicate has purchased the 420-acre prune and pear orchard of the Ludwig Fruit Company, located near Anderson, this county. The purchase price is \$77,000. The purchasers will make some extensive improvements immediately and will make it a modern property in every respect. It is one of the most important orchard properties in Northern California, and is one of the largest.

San Francisco.—The California State Board of Trade met last week in the board rooms, Ferry building, organized under the new charter, adopted a constitution and by-laws in conformity with the provisions of the charter, and elected the following officers: President, Arthur R. Briggs; vice-presidents, Robert Newton Lynch and H. D. Loveland; secretary, A. L. McDonald; depository, Wells Fargo Nevada National Bank.

San Francisco.—Leon Livingston, a tramp writer, who was arrested for carving his "sign" on barroom interiors about the city, was sentenced to six months in the county jail by Police Judge Deasy for malicious mischief. Livingston is said to have spent twenty years tramping about the country carving his "sign" on public places. He is known from one end of the country to the other by the mark "A Number 1" which he used.

Tacoma, Wash.—Raving in his childish voice, hysterical beyond all efforts of his parents to quiet him, the seven-year-old son of Mr. and Mrs. Seeley, around whose neck, in a spirit of fun, a companion of the child wound a dead snake, may never recover his reason. The sight of the snake, with the excited yell of the joker, and the fact that the child for a moment could not jerk the snake away from his throat, toppled the boy's reason.

Vancouver, B. C.—A gambling house raid by police officers armed with jack-saws, with which they demolished heavy doors, disclosed to the officials a most ingenious electric system by which Chinese gambling houses were closed against the police. Chief of Police Chamberlain led the raid and was surprised to find that the doors of gambling houses slammed tight long before the people inside could possibly know of the appearance of officers in the vicinity.

HEAVY EARTHQUAKE RUINS BUILDINGS IN PORTUGAL No Lives Are Lost, but Shock Spreads Terror Among People.

Lisbon.—There was a violent shock of earthquake here a few days ago. The ground rose and fell in wave-like motion, buildings swayed and a number of them were partly demolished. The populace fled in panic to the streets.

For a time fears were entertained of a repetition of the great earthquake of 1755, which demolished the city. No material damage was done, and no one was hurt; but fires broke out, and great alarm prevailed.

King Manuel appeared and took a prominent part in encouraging the firemen and reassuring the terrified people.

The House of Lords, which was sitting at the time, was panic stricken. Several members were thrown to the floor.

Sarah Koten Need Not Go to Prison.

New York.—Sarah Koten, the young woman who killed Dr. Martin W. Auspitz in this city last summer, and recently pleaded guilty to manslaughter when brought to trial, was, through the decision of Supreme Court Justice Blanchard, spared the infliction of a prison penalty. When the woman, with babe in arms, was brought before the Justice, he announced that he would suspend sentence and place Miss Koten in the custody of the Council of Jewish Women. This society will find her a suitable home where she can change her name and rear her child in ignorance of the crime its mother had committed.

Kidnaper Goes to Prison.

Bellingham, Wash.—Donald Boyd, convicted of kidnaping Patrick McCoy, a wealthy Seattle lumberman, in the woods near Bow, last October, was sentenced at Mount Vernon to serve an indeterminate sentence of from five to twenty-one years in State's prison, and pay a fine of \$100. He was taken to the penitentiary, where he joins Leo Bezmer, an accomplice, who is serving a similar sentence. The third member of the gang, Pat Boyle, will probably be released, as the State has no direct evidence to corroborate the testimony of his accomplice.

Cherry Carnival for San Leandro.

San Leandro.—On July 5th the residents of this place will witness, in the form of a cherry carnival, the largest festival that has ever been held in this vicinity. One of the features of the entertainment will be the parade of babies, which will be participated in by all of the youngsters under 3 years of age. The streets will be decorated in green and clusters of ripe cherries will augment the color scheme.

Attempt to Free Kidnaper Boyle.

Mercer, Pa.—An attempt to liberate James H. Boyle from the Mercer County Jail was made a few nights ago, according to jail officials. The effort failed because of the vigilance of Night Watchman Robert Fruit, who discovered a ladder resting against the jail wall, directly under Boyle's window. It was apparently the intention to saw the bars from the outside and release the prisoner.

Locomotive Topples Into Ocean.

Astoria.—While one of the engines was going out on the jetty at the mouth of the Columbia River it hit an unnoticed obstruction and toppled into the ocean. The fireman jumped before the engine went over, but the engineer went into the water. He swam to a pile, where he was rescued uninjured. The engine was raised the next day.

Seize Circus Buffet Car.

Los Angeles.—An adjunct of the Sells-Floto circus, which would prove a boon to "dry" counties, was put out of business a few days ago when the police raided the circus train, confiscated \$2000 worth of liquor in the buffet car and arrested the bartender on a charge of selling without a license.

Temple Window Tribute to Roosevelt.

New York.—A glass window as a tribute to Theodore Roosevelt will be installed in the Metropolitan Temple, of which Rev. Dr. John Wesley Hall is pastor, next month. The window is entitled "Equal Justice to All."

Sinking Steamer Drowns Five.

Mackinaw City, Mich.—The steamer Eber Ward sank in Lake Michigan, six miles west of her. Five of the crew were drowned and ten were saved.

Luscious Corean Wild Fig May Soon Be Growing Here

Berkeley.—An attempt is to be made to acclimatize the "lara," or native Corean wild fig, to California, by the Department of Agriculture in the State University. The fig, growing as a hardy vine in trees, trellises and hedgerows to the height of thirty feet, bears a delicious fruit, both for preserving and to be used as a table delicacy.

J. D. Hubbert, a graduate of the University with the class of 1903 from the College of Mining, has sent some of the seed of the tree to Professor E. J. Wickson, head of the College of Agriculture. He is at present with the Oriental Consolidated Mining Com-

pany, and is engaged in mining engineering work at Col Usan, Corea.

The fig, according to Hubbert, grows wild in Corea, and has proven of great value there. It forms a tough, wiry vine, growing high in many of the trees and over houses and trellis work. The fruit is about the size of a small date, and like nothing in California in flavor. It makes delicious preserves and jelly. It is believed at the University that it can be easily adapted to the climate and soil of this State. After a preliminary trial by the experts of the department, the seed will be included in the annual free distribution to the farmers.

Progressive Turks Put End to Reign of Abdul Hamid

Constantinople.—The 33 years' reign of Sultan Abdul Hamid is over. The forces of the constitutionalists are in full possession of the capital after fierce fighting in which fully 500 were killed.

The Young Turks party, flushed with their success in upsetting the Ottoman throne, is somewhat divided as to its future policy. The radicals demand the execution of Abdul Hamid. The more conservative are willing that the deposed monarch be given a palace and a liberal yearly allowance for the rest of his life.

The reins of government will in the

future be handled by Mehmed Rechad Effendi, brother of Abdul Hamid and heir-apparent to the throne. He has lived practically a prisoner for 25 years in a large palace and gardens not far from the Sultan. Since the July revolution, however, he has often been in the streets, looking from the carriage windows upon the scenes in the thoroughfares, which must have been strangely interesting to him. He is gray-haired and not very strong. He is 65 years of age and well educated, although inexperienced in the affairs of the world.

Size of Women's Hats May Be Regulated by Law

Springfield, Ill.—Illinois promises to lead in a reform that is demanded by the entire country. This is the regulation of the size, shape, consistency and ingredients of women's hats. Representative George C. Hilton of Chicago is the author of the bill and speedy action is promised for the measure. It is entitled "A Bill for an Act to Prohibit the Manufacture, Sale or Use of Unsanitary, Dangerous or Deadly Headgear for Hats, and to Regulate the Exhibition Thereof."

The proposed law limits the size of hats to eighteen inches in diameter; forbids aigrettes, feathers, pins or other adornments projecting more than six inches beyond the crown, which shall not exceed one cubic foot in size, nor weigh more than five ounces. The bill prohibits the use "of any dead body or stuffed skin of any bird, snake, lizard or other animal, reptile or insect subject to decay and likely to become a breeding place for filth and disease germs." The penalties range from \$100 to \$200.

World's Largest Steer Sent to Butcher's Block

San Francisco.—The largest steer ever raised in California was slaughtered last week at the Miller & Lux abattoir in Butchertown. It is thought this steer gives California a world's record. The giant beast stood twenty hands high. It weighed 2500 pounds alive and the dressed carcass tipped the scales at exactly 1500 pounds. The heaviest steer ever before known to have been weighed, raised the beam

at only the 1940-pound mark, and for years it had been deemed a wonder. The record steer was raised on a Miller & Lux ranch in Merced county. The halved carcass, each half measuring more than sixteen feet in length, has been purchased by a Filmore-street retailer, who paid two and a half cents a pound extra for the beef to show in his market the record steer of the world.

Japanese Affinity Shatters White Wife's Ideals

Seattle, Wash.—Married less than a year to the man who she thought was her affinity, Koyno Nakamura, who at one time boasted the name of Katie Peterson, is suing Yoshitaro Nakamura for divorce. This makes the fourth mixed white and brown couple to seek a legal separation in King county within the last year, one other white girl, Mamie Shomo, having secured a divorce from her Japanese

husband about three weeks ago. This is the second divorce granted white girls from Japanese husbands since the Aoki-Emery nuptials in this city.

One child was born to a couple divorced last week, a little girl. The wife alleges abandonment as a cause for separation. Since her husband left her, Mrs. Nakamura told the Court, she has been supported by her parents.

Pontiff Administers Rebuke to Woman Suffragists

Rome.—The pope addressing the Union of Italian Catholic women a few days ago, strongly opposed some of their ambitions. "Those who wish to make woman man's equal in all things," said the pope, "and give her the same rights, are assuredly in

error. Women mixed up in the agitations of public life would be the ruin of the family and society. Woman should be the companion of man, at the same time accepting his authority; an authority mitigated by love and nothing more."

Tried to Lay Two Eggs a Day and Died of Overwork

Los Angeles.—A locally famous hen, who, through pride and ambition in her profession, worked herself to an untimely death, was buried a few days ago with solemn sermons near her late home in the Arroyo Seco. Her

death was due to her attempt to lay two eggs a day. The name of the hen was "Princess Anne" and she belonged to Mrs. D. Reynolds, a chicken fancier, who imported her from England, where she came from a long line of proud ancestry.

FIRST SALE OF GOVERNMENT LAND UNDER THE NEW LAW Surveyor-General Sets May 3 for Pur- chase of Public Territory.

Sacramento.—Monday, May 3rd, is the date fixed by Surveyor-General Kingsbury for the first sale of scrip under the new public land law, carrying the right to purchase Government land. Notices of the sale have been sent throughout the State. Persons desiring the land may deal directly through the Surveyor-General and avoid the so-called land grabbers, as the new law is meant to favor bona-fide settlers.

Bids will be received at auction for the right to select unappropriated mineral or agricultural land to which the State is entitled on account of losses to the State school grant. The applicants are entitled to 640 acres, provided their rights to take up Government land have not already been exercised.

Old-Time Ball Pitcher Trains Again.

Washington.—Representative John K. Tener of Pennsylvania, formerly a star pitcher for the old Chicago White Sox baseball team and later of the Pittsburgh Brotherhood team, has heard the call of youth and soon will be taking his daily exercise on the grounds of the American League baseball team in Washington. Tener was visited a few days ago by several members of the local team who had heard that he was anxious to reduce his weight. It did not take much persuasion to get Tener to consent to "work a bit," and he will join Jesse Tannehill and other old-timers in "tossing 'em over" between speeches in Congress.

Rich Man Likes Army Life.

Chicago.—James L. Dixon, son of a wealthy San Francisco tailor who died last year, and formerly in the marine corps, although he is worth \$125,000, re-enlisted several days ago. Dixon enlisted November 30th for four years, and on the day of his enlistment was notified that a fortune had been left him. He served until a month ago, when he purchased his discharge. Dixon bought granaries with his fortune. He sold out at the end of the month at a profit of \$25,000. He says that he re-enlisted because civilian life does not agree with him.

Will Provides for Care of Pets.

Los Angeles.—The will of Mrs. Minnie S. C. Blossom, who died at her magnificent home, The Blossoms, in Pasadena, January 26 last, was probated last week and disposes of property valued at \$1,350,000. A feature of the will is that the executors of the estate are directed to see that suitable food and accommodations are provided for the horses and dogs of the Blossoms and provided suitable burial at their death.

Aged Widow Wants Balm.

Hackensack, N. J.—A breach of promise suit is in progress here in which the plaintiff, Margaret A. Vanderbeck, is 70 years old and the defendant, James Pullis, three years her senior. The plaintiff has two married daughters while Pullis has two daughters and a son, all married. Pullis "kept company" with Widow Vanderbeck for nearly eleven years and then married Margaret Garrison, another widow.

Filcher Goes to Seattle.

Sacramento.—Secretary J. A. Filcher of the State Board of Agriculture, as Commissioner from California to the Alaska-Yukon-Pacific Exposition, has gone to Seattle, Wash., to arrange the California display and get ready for the opening of the great fair. His office here is being conducted by his deputy, J. W. Kavanagh of Vallejo.

Former Senator Stewart Dead.

Washington.—Former United States Senator William A. Stewart of Nevada died at the Georgetown Hospital here last week, following an operation. The body has been sent to Nevada. Stewart had been at the hospital since March 30. On March 31 he underwent an operation, the nature of which the physicians have not made public.

Big Trotting Handicap Scratched.

Columbus, O.—The \$35,000 trotting handicap, projected for the grand circuit races here next September, has been abandoned. Entries are so few that it will be impossible to give the event without great loss.

Chosen to Succeed Geronimo.

Lawton, Okla.—Asa, son of Whoa, has been elected chief of the Apache Indians, to succeed Geronimo, the noted warrior, who died last February.

PITHY RESUME OF EVENTS OF ENTIRE WORLD

Brief Paragraphs That Give Busy Readers Review of Week's Happenings.

Summary of News Gathered by Cor- respondents Located in Every Quarter of the Globe.

Tallahassee, Fla.—Duncan U. Fletcher of Jacksonville has been elected United States Senator by the Legislature.

Philadelphia.—The torpedo boat destroyer Joseph B. Smith, built for the United States Government, was launched last week at the yards of the Cramp Ship Building Company.

New York.—Harvey Graeme Fur-bay, who was dismissed from the Presbyterian church ten years ago for drunkenness, is again a minister, having been reordained last week by the New York Presbytery.

Liverpool.—The Mauretania, which arrived from New York a few days ago, concluded the last portion of its trip, about 200 miles, at the speed of 29 knots, a feat never before accomplished by an ocean liner.

Washington.—Nicaragua has determined that prevailing prices on the necessities of life are too high, and President Zelaya has signified his intention of reducing the tariff on a list of articles now in preparation 40 per cent.

Des Moines, Ia.—In a riot at the State Inebriate Asylum at Knoxville, six inmates and three attendants were injured. Twenty inmates were returning from work in the fields when seven made a dash for liberty. A running fight ensued.

Chicago.—Mrs. Moy Tong Hoy, wife of one of the richest Chinese merchants in Chicago, and well known as the "queen of Chinatown," is dead as the result of pulmonary trouble. Moy F. Chung, her son, 16 years old, is at present a student at Notre Dame University.

Charleston, S. C.—Secretary of War Dickinson, accompanied by General Bell and members of his party, left last week for Colon. Secretary Dickinson said that on his return he would stop at Havana. He will spend about a month in the canal zone, studying conditions there.

Mercer, Pa.—Mrs. Boyle, the supposed wife of James H. Boyle, alleged abductor of Willie Whittle, is a mystery no longer. It develops that she is Helen McDermott of Chicago. Previous stories that she was a member of a prominent and wealthy family are without foundation.

Washington.—The Navy Department will try to have all the repairs to be made to the Pacific fleet completed by the middle of the summer, after which there will be a series of maneuvers with the view to bringing the fleet up to the efficiency acquired by the Atlantic fleet in its cruise around the world.

Washington.—An appropriation of \$25,000 to pay the President's traveling expenses, to be expended in his discretion during the fiscal year of 1910, is proposed in an amendment to the census appropriation bill introduced by Senator Guggenheim. The amendment was referred to the committee on census.

Honolulu.—There will be some opposition to the recommissioning of Joseph S. Pratt as postmaster of Honolulu, as the inspectors here declare him incompetent. This charge may have had its inception in the trouble over Stayton, the assistant, who recently was convicted of opening official letters addressed to others.

Peoria, Ill.—Colonel Isaac Taylor, aged 74, died here a few days ago from an attack of heart failure. Colonel Taylor evolved the idea of the lakes to the gulf deep waterway and did much to advance the scheme. Colonel Taylor served through the Civil War in the Twelfth Minnesota and was imprisoned in Andersonville.

New York.—Of the 290 second-cabin passengers who arrived here on the Holland-American liner Ryndam, 190 were children between the ages of 4 and 10 years. The Ryndam, in fact, was like a floating nursery. One family had nine children, another eight and another six, while three brothers by the name of Van Dyke and their wives had fifteen children between them. To add to the nursery Mrs. Ernest Caddonie, wife of a Philadelphia druggist, became the mother of twins during the voyage.

The Best Spring Medicine

It is as easy to prove that Hood's Sarsaparilla is the best spring medicine as it is to say it.

Spring ailments are blood ailments—that is, they arise from an impure impoverished, devitalized condition of the blood; and Hood's Sarsaparilla purifies, enriches and revitalizes the blood as no other medicine does.

It is the most effective of all blood medicines.

There is solid foundation for this claim, in the more than 40,000 testimonials of radical and permanent cures by this medicine, received in two years, this record being unparalleled in medical history.

Hood's Sarsaparilla

Cures all spring humors, all eruptions, clears the complexion, creates an appetite, aids the digestion, relieves that tired feeling, gives vigor and vim.

Begin taking Hood's Sarsaparilla today. Get it in the usual liquid form or in chocolate tablets known as Sarsatabs. 100 Doses One Dollar.

MAPLEINE

A Flavoring. It makes a syrup better than Maple. Sold by grocers.

PIE FOR BREAKFAST.

Not the Worst Thing in the World, Says a Man Who Has Tried It. "Pie for breakfast" is the one unfailing reproach that is hurled at New England when the lowest of outsiders wishes to chuck odium.

"That was some years ago. I spent a winter on a job pretty far back in northern New England and I boarded at a comfortable little cottage in a four or five house settlement for some months.

The Flores mine of San Luis Potosi was struck by a poor priest, who bought an abandoned claim for an "old song," and took \$3,000,000 worth of silver out of it; and the accidental discovery of silver in the ashes of his camp fire made a millionaire of a negro fiddler.

Peter Terreros, a mulatto, discovered by accident the Real del Monte deposits in Hidalgo, and at the end of twelve years had won \$15,000,000 and a Spanish title of nobility; and, to give but one more example, two brothers named Bolados, who earned a miserable livelihood by carrying fuel, found in a crevice opened by an earthquake an enormous block of silver worth \$1,250,000.

The Human Heart. The heart of a man is a book—no, it is an encyclopedia of everything that has ever come within the range of its personal experience.

St. Vitus' Dance and Nervous Diseases permanently cured by Dr. Kline's Great Nerve Restorer. Send for FREE \$2.00 trial bottle.

EVERY WOMAN WILL BE INTERESTED. There has recently been discovered an aromatic pleasant herb cure for women's ills, called Mother Gray's AUSTRIAN LEAF.

When poor fruit is produced there is a reason. Aim to find it by a careful study of the trees and conditions.

Anything to Oblige Him. "Herbert," said the stern father, "I suppose you are going to marry that doll-faced, wasp-waisted, pink-cheeked, simpering, giggling, gum-chewing, poverty-stricken little Miss Wredlip."

Objection Overruled. "Colonel, we want a contribution from you to help build a mission church."

Foul or Fair Weather. Small Wallace accepted an invitation to a party, as follows:

After a Fashion. Rivers—Are you on speaking terms with Ruggles?

The recipe for Worcestershire sauce, which has made an English firm wealthy and famous, was the secret in an old English family for generations.

The annual mineral yield of the British empire exceeds \$1,000,000,000 in value.

ARCHAEOLOGY IN ST. LOUIS.

Wonderful Articles Unearthed in Excavation for Public Library. So many wonderful objects have been found in carrying on the excavation for the new public library that a stimulating inquisitiveness begins to pervade those of us who have followed the progress of the digging there, the St. Louis Globe-Democrat says.

The excavators are now close on the era of the ancient "amphora," or beer mug, with the reinforced bottom long since obsolete, by means of which the total amount of beverage was decreased to a slender amber thread, between the foam on the top and the false underpinning beneath.

Other curios unearthed which will be classified and placed in the museum of the State Historical Society were a number of boots with long leather legs now practically unknown in this age, well preserved remains of a "whatnot," a piece of furniture that once stood in the corners of parlors.

If You Have Common Sore Eyes, if lines blur or run together, you need PETTIT'S EYE SALVE, 25c. All druggists or Howard Bros., Buffalo, N. Y.

According to Dr. Sven Hedin, the Swedish explorer, the famous Asiatic river, Brahmaputra, rises from an enormous glacier in the northernmost Himalaya mountains.

Wanted a Rest. Wife—Would it please you, dear, if I learned another language?

The Great Alaska Yukon Pacific Exposition

ORIENTAL PALACE AND MANUFACTURERS BUILDING.

The Palace of Oriental Exhibits and Manufacturers Building have a frontage on Cascade Court and Geyser Basin and look across at Foreign Exhibits and Agricultural Palaces; Yukon Avenue separates these magnificent display buildings, and in the back ground the state buildings of Oregon and California are located.

Construction work on these buildings was completed last year and exhibits are being received and placed in position. The Oriental Palace will house the most valuable collection of Far Eastern art that has ever been sent from the Orient, and will present displays from Japan, China, India, Ceylon, Straits Settlements, French Indo China, Borneo, Java and all the eastern countries of Asia.

The Manufacturers building encloses a vast amount of exhibit space and every foot of this has been engaged for display purposes by domestic and foreign manufacturers. The interest manifested in this department of the Alaska-Yukon-Pacific Exposition is world-wide and competitive displays will be general and comprehensive. Exhibits are being daily received and the heavy work of installation is rapidly being accomplished.

SUMMONS.

In the Superior Court of the State of California, and for the County of Santa Clara.

Myrtle Smith, Plaintiff, vs. W. P. Smith, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of Santa Clara, and the Complaint filed in the office of the Clerk of said County of Santa Clara.

The People of the State of California send greetings to W. P. Smith, Defendant.

You are hereby directed to appear and answer the Complaint in an action, entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Santa Clara, within ten days after service on you of this summons, if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will take judgment for any amount or damages demanded in the Complaint as arising upon contract, or will apply to the Court for any other relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Santa Clara, this 23rd day of March, A. D. 1909.

(Seal) HENRY A. PFISTER, Clerk.

By J. C. Kennedy, Deputy Clerk.

John P. Fitzgerald, Attorney for Plaintiff.

Notice of Annual Meeting of Stockholders

Notice is hereby given that the Annual Meeting of the stockholders of the Campbell Fruit Growers' Union, a corporation, will be held at its place of business in Campbell, California, Wednesday, May 12, 1909 at 10 o'clock a. m., for the following purposes:

First: To receive the report of the officers.

Second: To elect a Board of Directors.

Third: To make such changes or amendments to the By-Laws as may be deemed wise.

Fourth: To transact any and all other business that may properly come before that meeting.

S. R. Wade, President.

S. G. Rodeck, Secretary.

Campbell, Cal., April 24, 1909

INTERNATIONAL NEWSPAPER

BIBLE STUDY CLUB.

Answer One Written Question Each Week For Fifty-Two Weeks and Win a Prize.

THE PRIZES.

First Series—A gold medal to each of the first five contestants.

Second Series—A silver medal to each of the next five contestants.

Third Series—A Teacher's Bible, price \$5.50, to each of the next five contestants.

Fourth Series—The book "The Heart of Christianity," price \$1.50, to each of the next thirty-five contestants.

Fifth Series—A developed mind, an expanded imagination, a richer experience and a more profound knowledge of the Bible and of life, to all who take this course whether winning any other prize or not.

Each medal will be suitably engraved, giving the name of the winner, and for what it is awarded, and in like manner each Bible and book will be inscribed.

All who can write, and have ideas, are urged to take up these studies regardless of the degree of their education, as the papers are not valued from an educational or literary standpoint, but from the point of view of the cogency of their reasoned ideas.

May 2nd, 1909.

(Copyright, 1908, by Rev. T. S. Linscott, D.D.) Paul's First Missionary Journey.—Cyprus. Acts xiii:1-12.

Golden Text—Go ye into all the world, and preach the gospel to every creature. Mark 16:15.

Verse 1—Where was Antioch?

What constituted a Christian church, then, and now?

What was the difference between prophets and teachers?

Verse 2—What is meant by "ministered to the Lord?"

What mental, physical or spiritual benefits are there derived from fasting?

How long should a person abstain from food, in order to constitute a Christian fast?

What right has the present day Protestant church to discontinue the practice of fasting?

When would the ears of a company of godly men, be most sensitive to the voice of God, during a feast or a fast?

Was there any connection between their ministering and fasting, and the Holy Spirit speaking to them?

Is the Holy Spirit apt to speak to those who are not intensely engaged in the cause of God?

What is necessary in order to cultivate an ear for the voice of God?

Should we all be "called" of God, before undertaking any kind of work?

Verse 3—Ought the church today to send out missionaries to new districts, and to heathen countries?

If it is the duty of the church to send out missionaries, is it, or not, the duty of every person, whether a member of the church or not, to help support them? (This question must be answered in writing by members of the club.)

Why did they fast and pray, before sending Paul and Barnabas on their mission?

Would it be a help to each local church today, to fast and pray before each missionary meeting?

Do you think the women took part in this service, and whether or not, what reason is there to debar women from any of the church's work?

Verse 4—Is it possible or practical, to be guided in every journey we take, and in all else by the Holy Spirit?

Should a pastor ever take charge of a new church, without being directed to do so, by the Holy Spirit?

Please point out on the map, in your Bible, where Seleucia, Salamis and Cyprus are situated.

Were they consciously, or unconsciously, directed by God the Holy Spirit, all along their journey?

Verse 5—Should men and women, in the ordinary walks of life, be as faithful in preaching the gospel, or testifying for Jesus, wherever they may be, as Paul and Barnabas were?

Verse 6—How many places mentioned in this lesson, are situated on the Island of Cyprus? (See your map.) What motives had likely induced this man Elymas, to claim to be a prophet?

Verses 7-8—How do you account for a man being so bad, as to try to prevent another man from serving the true God?

Verses 9-12—Are good men justified in rebuking bad men with vehemence, when they would stop a work of love and mercy?

Is it possible for a bad man to escape the just penalty of his sins?

Lesson for Sunday, May 9th, 1909. Paul's First Missionary Journey.—Antioch in Pisidia. Acts xiii:13-52.
